

Nashville, here we come!

Moose Charities is excited to announce the **2010 League of Guardians Recognition Dinner** will be held on **Monday evening, July 5**, during the annual International Moose Convention, in **Studio A** of the **Grand Ole Opry House** in Nashville!

Not only was Studio A used as the set of the classic comedy television variety show **Hee Haw**, it is currently used by CMT—Country Music Television—for numerous performances.

The Grand Ole Opry performance schedule is booked about a week in advance; therefore we will not know who is playing in advance--but we do know that League of Guardians members will have up-front Gold Circle Seating for the Grand Ole Opry performance following the dinner--provided you purchase your tickets in advance with your convention registration.

We wish the best to you and your families throughout the year.

With our sincere appreciation,

Moose Charities
