*Leave a legacy for
future generations ...*

The Defending Circle Society is a group of individuals and families who have made Mooseheart or Moosehaven the beneficiary of a charitable gift annuity, a bequest, a life insurance provision, or other planned gift.

These are current members of the Defending Circle Society and several others who have passed away, but their legacies live on . . .

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Moose Charities, Inc.
Mooseheart, Illinois

We have audited the accompanying financial statements of Moose Charities, Inc. (the Organization), which comprise the statement of financial position as of April 30, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Moose Charities, Inc. as of April 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 of the financial statements, the Organization adopted new accounting guidance as issued by the Financial Accounting Standards Board (FASB) under Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958) - Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

Report on Summarized Comparative Information

We have previously audited Moose Charities, Inc.'s 2018 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated July 25, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended April 30, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Sikich LLP

MOOSE CHARITIES, INC.

NOTES TO FINANCIAL STATEMENTS

April 30, 2019

(With Summarized Financial Information for the Year Ended April 30, 2018)

1. NATURE OF ACTIVITIES

Moose Charities, Inc. (the Organization) is affiliated with Moose International, Inc. The accompanying financial statements reflect only Moose Charities, Inc. Consolidated financial statements for Moose International, Inc. and Related Organizations, which include Moose Charities, Inc., are also available.

The Organization has been established to support, assist, and operate charitable activities on behalf of and not otherwise conducted by Mooseheart Child City & School, Inc., Moosehaven, Inc., or Moose International, Inc.

The Youth Awareness program is a teen educational speakers' bureau comprised of high school students, with the goal of educating preschool and elementary school children on a variety of topics, such as drug and alcohol abuse, child abuse, "stranger danger," bullying and peer pressure, and healthy habits and nutrition.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (USGAAP). Transactions are classified according to the existence or absence of donor-imposed restrictions.

Classification of Net Assets

The accounts of the Organization are reported in the following net asset categories:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments with an initial maturity of three months or less when acquired. Amounts held temporarily in the investment portfolio for unsettled transactions are excluded from cash and cash equivalents.

The Organization maintains its cash balance in financial institutions, which at times may exceed federally insured limits. At April 30, 2019 and 2018, the Organization's cash accounts exceeded federally insured limits by approximately \$26,926 and \$41,078, respectively. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

Investments

Investments are measured at fair value. Investment return is reported net in the statement of activities and consists of interest and dividend income, and realized and unrealized gains and losses, less external and direct internal investment expenses. Investment return is reflected in the statement of activities as income without donor restrictions, or income with donor restrictions, based on the existence and nature of any donor restrictions. Investment return whose restrictions are met in the same reporting period are treated as income without donor restrictions.

Pledges Receivable

The Organization has received pledges from various donors on behalf of Moosehaven, Inc., primarily for the Centennial Project campaign to raise money for the construction of new facilities. The pledges represent agency transactions and are recorded at fair value as pledges receivable and as due to Moosehaven, Inc. at the time the pledge is received. All pledges receivable are expected to be collected in less than one year. Management reviews all outstanding pledges for collectability and has determined all pledges receivable are collectible based on historical experience, and no allowance for uncollectible pledges is made in the accompanying financial statements.

Contributions Raised on Behalf of Other Organizations

Donor organizations and individuals participating in such entities' campaigns may choose to designate all or part of their contributions to specific charitable organizations. These transactions are reported as part of the current year gross contributions and are deducted as "amounts raised on behalf affiliated organizations" or "amounts raised on behalf of nonaffiliated organizations" to arrive at net contribution revenue. Contributions raised on behalf of other organizations are recognized as liabilities until paid to the designated charitable organizations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Gifts of cash and other assets received without donor stipulations are reported as increases in net assets without donor restrictions. Gifts received with a donor stipulation that limits their use are reported as increases in net assets with donor restrictions. When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Any restricted contributions whose restrictions are met in the same fiscal year are reported as increases in net assets without donor restrictions.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include salaries and wages, employee benefits, payroll taxes, computer and software related costs, office expenses, printing and publications, professional fees, travel, and miscellaneous expense, which are allocated on the basis of estimates of time and effort.

Income Taxes

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization is not classified as a private foundation.

Use of Estimates

The preparation of financial statements in conformity with USGAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Prior Year Information

The financial statements include certain prior year summarized comparative information in total but not by asset class. Such information does not include sufficient detail to constitute a presentation in conformity with USGAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended April 30, 2018, from which the summarized information was derived.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Standards

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities (Topic 958)* (ASU No. 2016-14). The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled *net assets without donor restrictions* and *net assets with donor restrictions*, (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the place-in-service approach to recognize the expirations or restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities and changes in net assets, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, (e) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources, (f) presenting investment return net of external and direct internal investment expenses, and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements. The Organization has applied the changes retrospectively to all periods presented. As a result of implementation, \$16,791 was reclassified from investment fees to a reduction of investment income for 2018.

In May 2014, FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*, (ASU No. 2014-09), as amended by ASU No. 2015-14, which supersedes or replaces nearly all revenue recognition guidance under USGAAP. This standard establishes a new contract and control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time, and will expand disclosures about revenue. ASU No. 2014-09, as amended, is effective for nonpublic companies for annual reporting periods beginning after December 15, 2018 and interim periods within the annual period beginning after December 15, 2019. The Organization is currently assessing the impact of this new standard.

In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)* (ASU No. 2016-02), to increase the transparency and comparability about leases among entities. The new guidance requires lessees to recognize a lease liability and a corresponding lease asset for virtually all lease contracts. It also requires additional disclosures about leasing arrangements. ASU No. 2016-02 is effective for nonpublic entities for fiscal years beginning after December 15, 2019 and interim periods within fiscal years beginning after December 15, 2020. ASU No. 2016-02 originally specified a modified retrospective transition method which requires the entity to initially apply the new leases standard at the beginning of the earliest period presented in the financial statements. In July 2018, FASB issued ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements*, providing a second, optional transition method which allows the entity to apply the new standard at the adoption date and recognize a cumulative-effect adjustment to the opening balance of net assets in the period of adoption. The Organization is currently assessing the impacts of this new standard, including the two optional transition methods.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Standards (Continued)

In June 2018, FASB issued ASU No. 2018-08, Not For Profit Entities (*Topic 958*) *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. The new guidance helps distinguish if grants and contracts with resource providers are exchange transactions or contributions. Once a transaction is deemed to be a contribution, the ASU also provides guidance to help determine when a contribution is conditional and evaluates the possibility that a condition will not be met is remote. Unconditional contributions are recognized immediately and classified as either net assets with or without donor restrictions, while conditional contributions received are accounted for as a liability until the barriers to entitlement are overcome, at which point the transaction is recognized as unconditional and classified as either net assets with or without restrictions. ASU 2018-08 is effective for fiscal years beginning after December 15, 2018. The Organization is currently assessing the impact of this new standard.

3. LIQUIDITY AND AVAILABILITY

The Organization's financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, are as follows:

	2019	2018
Cash and cash equivalents	\$ 486,552	\$ 1,156,241
Accrued interest receivable	412	8,463
Due from Moose International, Inc.	23,647	-
Due from Moose Foundation, Inc.	108,653	-
Investments	3,985,872	5,715,614
Pledges receivable	68,010	500,877
	<u>4,673,146</u>	<u>7,381,195</u>
Less amounts not available to be used for general expenditures within one year		
Donor-imposed restrictions	<u>(203,015)</u>	<u>(305,498)</u>
FINANCIAL ASSETS AND LIQUIDITY		
RESOURCES AVAILABLE WITHIN ONE YEAR	<u>\$ 4,470,131</u>	<u>\$ 7,075,697</u>

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Additionally, the Organization receives substantial support from related parties as discussed in Note 7, and additional support could be requested if needed.

MOOSE CHARITIES, INC.

NOTES TO FINANCIAL STATEMENTS (Continued)

4. FAIR VALUE MEASUREMENTS

USGAAP establishes a framework for measuring fair value. That framework uses a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. USGAAP requires the Organization to maximize the use of observable inputs when measuring fair value. The hierarchy describes three levels of inputs, which are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Significant unobservable inputs.

In many cases, a valuation technique used to measure fair value includes inputs from more than one level of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The categorization of an investment within the hierarchy reflects the relative ability to observe the fair value measure and does not necessarily correspond to the perceived risk of that investment.

The fair value of equity securities and exchange traded funds is determined based on quoted market prices in active markets. The fair value of investments in fixed income securities is estimated by reference to market values for similar securities or by discounting cash flows at an appropriate risk rate taking into consideration the varying degrees of risk specific to each financial asset.

Fair value measurements recorded on a recurring basis at April 30, 2019:

	Level 1	Level 2	Level 3	Total
Equity securities	\$ 3,822,486	\$ -	\$ -	\$ 3,822,486
Exchange traded funds	163,386	-	-	163,386
TOTAL	\$ 3,985,872	\$ -	\$ -	\$ 3,985,872

Fair value measurements recorded on a recurring basis at April 30, 2018:

	Level 1	Level 2	Level 3	Total
Equity securities	\$ 4,730,920	\$ -	\$ -	\$ 4,730,920
Exchange traded funds	380,855	-	-	380,855
Fixed income securities	-	603,839	-	603,839
TOTAL	\$ 5,111,775	\$ 603,839	\$ -	\$ 5,715,614

4. FAIR VALUE MEASUREMENTS (Continued)

The Organization recognizes transfers into and out of levels within the fair value hierarchy at the end of the reporting period. There were no transfers between levels for the years ended April 30, 2019 and 2018.

5. ANNUITY OBLIGATIONS

Annuity obligations consist of charitable gift annuities payable monthly, quarterly, or annually for the life of the annuitant. Upon termination of the agreement, the values are transferred to the appropriate net asset classification, in accordance with the wishes of the donor.

Amounts paid under such agreements totaled \$25,157 and \$25,443 in 2019 and 2018, respectively. Contributions on the statement of activities include revenue recognized of \$33,940 and \$22,452 in 2019 and 2018, respectively.

Assets held to service the annuity obligations are stated at fair value of \$425,070 and \$594,558 in 2019 and 2018, respectively, and are included in investments on the statement of financial position.

Annuities payable are recorded at the estimated present value of future payments based upon a discount rate ranging from 6.00% to 9.50% and the life expectancies of the annuitants. On an annual basis, an adjustment is made to the liability to record a gain or loss based on a computation of the donor's revised life expectancy.

6. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions at April 30, 2019 and 2018 were available for the following purposes:

	2019	2018
Youth awareness	<u>\$ 203,015</u>	<u>\$ 305,498</u>

7. RELATED PARTY TRANSACTIONS

The Organization is related to several other entities through common control of board members. Transactions with these related parties are described below:

Moose International Inc. provides office space and accounting services for the Organization. During the years ended April 30, 2019 and 2018, the value of contributed facilities and services meeting the requirements for recognition in the financial statements was not material and has not been recorded.

7. RELATED PARTY TRANSACTIONS (Continued)

Moose International Inc. also provides contributions for certain operating expenses of the Organization. The intention of this funding is to allow the Organization to pass-through the gross amount of all gifts collected for beneficiary charities.

During the year ended April 30, 2019, the Organization's board of directors awarded a contribution of \$1,000,000 to both Mooseheart Child City & School, Inc. and Moosehaven, Inc. to support their operations.

Amounts due from or to related parties are expected to be settled within one year, and management has determined no allowance for doubtful accounts is necessary.

8. CONTRIBUTIONS RAISED ON BEHALF OF NONAFFILIATED ORGANIZATIONS

Contributions were raised on behalf of the following nonaffiliated organizations for the years ended April 30, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Safe Surfin' Foundation	\$ 247,176	\$ 264,548
TOTAL	<u>\$ 247,176</u>	<u>\$ 264,548</u>

9. SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through September 9, 2019, and determined that there were no significant subsequent events that require adjustment or disclosure in the financial statements through that date.
